I'm sure you are all aware that Birmingham has the largest number of social enterprise's outside of London – over 70 in Digbeth alone and an estimated 700 across the city!

We are delighted to announce that iSE is co-ordinating Birmingham's application to be accredited as a Social Enterprise City, building on the existing Digbeth Social Enterprise Quarter. To celebrate this, we are holding a Social Enterprise Festival where we can get together and show the city the innovation, power and economic impact of our sector across the city.

**HAVE A STALL OR BRING YOUR TEAMS!
LET'S CELEBRATE TOGETHER!**
